Data Collection

When visiting Web sites certain information about you and your computer can sometimes be collected. This section explains what information RSS collects, and how it is used.

In order to use certain portions of this website, a User must first complete the registration form. During registration a User is required to give Account Information (e.g. name, e-mail address, zip code). This information is used to contact the User about the services on the Site. Through this registration, the User also agrees to the Terms of Service. At any time during the registration process, the Subscriber may chose to exit the site and cancel registration.

RSS allows its users the option to change information previously provided by logging in to the Site and clicking on the "Your Details" link under the User Menu.

Cookies

A cookie is a piece of data stored on the user's hard drive containing information about the User. ReadySetSchool.org uses cookies on the Site to identify the User and verify access privileges, as well as to track usage. Users who do not accept cookies from the domain ReadySetSchool.org cannot access most areas of the Site.

Use of Collected information

In general, RSS will only use the information you provide for the purpose for which such information was provided. Specifically your information may be used as follows:

- **Statistical Analysis**

RSS may perform statistical analysis on collected information to evaluate and enhance the features provided on the site.

- **E-mail**

Using the e-mail address provided during registration, RSS will occasionally send e-mail to a User about services on the site. User may decline to receive such notices by clicking the "unsubscribe" link in any email. RSS may also contact a User regarding Account status, changes to the terms of service or privacy guidelines, and to confirm registration. RSS uses e-mail links located on the Contact Page to allow Users to contact RSS directly with questions or comments. RSS will use the User e-mail address to respond to the question or comment.

- **Data Security**

RSS provides appropriate physical, electronic and managerial procedures to protect Subscriber information from unauthorized or inappropriate use.

- **Sharing of Collected Information**

RSS will not release Account Information to third parties, except in compliance with legal requirements. RSS will provide Subscribers with access to all of the Account Information in the account preferences area for review or modification.

Security

The Site has industry standard security measures in place to protect the loss, misuse or alteration of the information under RSS's control. While there is no such thing as "perfect security" on the Internet, RSS will take reasonable steps to ensure the safety of your personal information.
